## **INSTRUCTIONS FOR COMPLETING THE NOTIFICATION OF CHANGE FOR DEFAULT AVERSION ASSISTANCE REQUEST DATA AND/OR STATUS**

This form is used to stop guarantor default prevention efforts for Default Aversion Assistance Request (DAAR) when a loan is brought current or to update the guarantor of a change in payment due date and/or balance.

Because loans are established at the point that lenders/servicers (US) file a DAAR, it is important that ECMC receive sufficient information to identify the specific loans on which the DAAR was filed. The form is broken into five (5) sections. The sections and the US requirements are described below.

### **REASON FOR UPDATE/AVERSION**

An aversion request is submitted if a delinquency has been cured or if the payment due date and/or outstanding balance has changed. Indicate the reason for update by checking the appropriate box.

#### **Notification of Change in Payment Due Date and/or Balance**

If the due date has advanced as a result of a payment, deferment, etc. but did not bring the days delinquent under 30, an update should be submitted to ECMC. If the outstanding principal and/or interest changes as a result of a payment or adjustment an update should be submitted.

#### **Aversion of Default Aversion Assistance Request**

If the delinquency has been resolved, the US must notify the guarantor. Indicate the reason for the aversion request by checking the appropriate box. Reasons are: payments, pif, forbearance, deferment, death, disability, bankruptcy, default, closed school or other. Deferment types are as follows:

PY – payment	MID - military deferment	FB - forbearance
PF - paid in full	MED - medical deferment	CL - closed school
ISD - in-school deferment	DE - death claim filed	BK - bankruptcy claim filed
HDD - hardship deferment	DI - disability claim filed	DQ - default claim filed
UED - unemployment deferment		

### **BORROWER INFORMATION**

The following borrower information is required to identify the loan(s) being averted:

### **LOAN INFORMATION**
