## Decommission of edfund.org website on September 30

We are happy to report that the conversion of the California Student Aid Commission's (CSAC) federal student loan portfolio data to ECMC's system is nearing completion. As a result, the edfund.org website will be decommissioned on September 30, 2011.

To ensure a smooth transition for schools, lenders, servicers, students and borrowers who use the EdFund website, critical content, contact information and resources on edfund.org are available on [ECMC's website](#).

After September 30, ECMC will temporarily maintain a pared-down version of the EdFund website to help direct traffic. This site will provide links to the most utilized student and borrower information such as entrance and exit student loan counseling and borrower forms. In addition, schools and lenders will be provided links to the appropriate sections of the ECMC website. Access to the Cohort Management System, Correspondence Exchange Station and File Transfer Station will be available from the EdFund home page until those products are decommissioned on October 28, 2011.

If you have any questions, please do not hesitate to contact ECMC at 1-866-222-2680.
