

WORKSHEET: CHOOSING THE RIGHT COLLEGE

STEP 1

In the top row, make a preliminary list of colleges that interest you.

STEP 2

Think about important factors you want your college to have. Then, prioritize each factor in the level of importance column.

STEP 3

Cross off colleges that appear to not have what you're looking for. Rank the remaining colleges in order of preference.

		1.	2.	3.	4.
	Program of study: Which programs does the college offer to help you achieve your career goals?				
	School size: Would you prefer a large or small school? What is the student population?				
	Class size: How large do you like your classes to be? What is the student-to-teacher ratio?				
	Support programs: Which programs does the college offer to help you stay in school and graduate?				
	City and neighborhood: Do you prefer a city or a small town? What is the population of the city or town?				
	Campus culture: When visiting each college, get a feel for its "personality." How or why does it match yours?				
	Distance from home: How close do you want to live to your family?				
	Extracurricular activities: Do you have activities in your life that you can't live without?				
	Religious affiliation: Do you want to attend a college affiliated with your religious beliefs?				
	Net Price: While one college may appear to be less expensive, what will your final cost be after receiving grants and scholarships? Use https://collegecost.ed.gov/netpricecenter.aspx to identify your likely estimated cost.				
	Financial aid options: Does the college have special financial aid options? These could include things such as a tuition payment plan to spread out your payments or a guaranteed cost of attendance as long as you are enrolled.				
	Outside learning options: Does the college offer internships, externships, study abroad or service learning opportunities?				
	Housing options near campus: How close or far is housing? Will you need a car, or are where you live, shop, and work within walking or biking distance?
